Contract\_Book\_Contributor\_Consent\_to\_Publish\_CCIS\_SIP.pdf;

Dear Roxana Auccahuallpa

It is our pleasure to inform you that your manuscript entitled:

GeoGebra as the articulating axis of the teaching and learning process of geometry in the Ecuadorian professional

has been ACCEPTED for presentation in the scientific track of TICEC 2020.

Each paper was reviewed by at least two members of the Program Committee (PC). Each paper was extensively discussed during the online PC discussion and some of them needed also a meta-review for deciding its suitability. In this edition, the acceptance rate of TICEC 2020 has been 39% (46 papers accepted out of 117 papers submitted).

The comments of the reviewers for your manuscript are included at the foot of this letter. Please remember that is mandatory to make all changes to your manuscript based on those comments before uploading camera-ready version. Additionally, please perform a complete improvement of the English grammar and check the spelling, as it is only lightly edited before publication.

In addition, the corresponding author of each paper, acting on behalf of all of the authors of that paper, must complete and sign a Consent-to-Publish form (attached document). The corresponding author signing the copyright form should match the corresponding author marked on the paper. Once the files have been sent to Springer, changes relating to the authorship of the papers cannot be made.

Note that the information to fill the first two rows of the attached document is:

- Title of the Book or Conference Name: Conference on Information and Communication Technologies of Ecuador
- Volume Editor(s) Name(s): CCIS 1307

The camera-ready version due date is September 11th.

Please upload the camera-ready version and the Consent-to-Publish form in the same EasyChair link used before to submit your paper, i.e.:

<https://easychair.org/conferences/?conf=ticec2020>

Please note that your paper will not be published in the proceedings unless one of the author's paper registers for the conference by September 11th. Please also note that one registration corresponds to one paper only.

Information about registration can be found at: <https://ticec.cedia.edu.ec/es/2020/inscripciones>

Finally, we encourage the inclusion of ORCIDs in the publication. For more information see: <http://bit.ly/2H5xBpN>.

Congratulations on your work and we look forward to seeing you on TICEC 2020

Efraín R. Fonseca C.,  
Scientific Chair  
TICEC 2020
